BRIDGES & CULVERTS

- William St. – Concrete beams have been set. Concrete deck scheduled to be placed on September 8th. Bridge still on time for October opening.
- E. Sherman Hollow – Final design taking place.
- Will be purchasing a Silane concrete sealer. Hoping to seal 3 or 4 bridge decks before the end of October.
- Will be putting a program in place to seal bridge decks every 5 years.
- 72” culvert on Italy Valley Road replaced the week of August 10th.
- West Lake Road culvert replacement scheduled to begin September 14th.

SNOW & ICE

- Snow and ice contracts being sent to towns for signature. Contract procedure will be followed per county policy.

ROAD MACHINERY

- Fuelmaster program has been upgraded, working smoothly. Thank you to Buildings & Grounds and IT for their assistance.
- Will be listing surplus rubber tired excavator on auction site.
- Should see remaining 2020 equipment purchase the end of September.

OTHER

AUTHORIZE LEGISLATURE CHAIRMAN TO SIGN 2020 – 2021 SNOW AND ICE CONTRACTS

WHEREAS, in the interest of public safety all County roadways need to be cleared of snow and ice during the months of November to April, and

WHEREAS, the Yates County Highway Department does not employ sufficient staff to accomplish the snow and ice removal on all County roadways, and

WHEREAS, several Townships have agreed to contract this snow and ice removal on County roadways,

NOW, THEREFORE, BE IT RESOLVED, to authorize the Chairman of the Yates County Legislature to sign contracts with participating Townships for Snow and Ice Removal for the County, and be it further

RESOLVED, that a copy of this resolution be sent to the Yates County Treasurer, the Yates County Highway Department and each Town contracting with the County for Snow and Ice removal.

PUBLIC WORKS COMMITTEE MEETING
9-9-2020

AGENDA ITEMS

- 1- **Weights and Measures:** Please see the attached report.
- 2- **Solar Update:** The following is an update from BQ Energy.
“**NYSEG Interconnection** – we have worked with NYSEG many times, and although their response time has improved, we normally expect this to take nine months or more. There is an eleven step Public service Commission Interconnect Process that all must follow to obtain the Interconnection Service Agreement(s). We had a positive discussion with NYSEG (this is **“STEP 1: Initial Communication”**) regarding the six 5MW_{ac} interconnections (four at Torrey and two at Potter), and they cautioned us that we would be limited on the Potter interconnection due to line capacity. We have prepared a Pre-Application Report for each of the six interconnects (**“STEP 2 - The Inquiry is Reviewed by the Utility to Determine the Nature of the Project”**), and expect to submit in the next few days. This formally starts their review process.”
- 3- **EV Charging:** See attached report. The State will be installing a sign on Liberty Street at some point directing drivers into the South entrance. I am working with Highway to get more signs to match the State’s for additional direction in the County parking lot and on Main Street.
- 4- **Inspections:** The Elevators were all serviced and had a PM check. The PSB cooling tower had the monthly check and a 90 day Legionella bacteria test taken and that came back negative.
