

# Looking ahead to fall and winter renovation projects?

## Do You Know How to Renovate Right to Prevent Lead Poisoning?

Local Hardware, Paint and Building Supply Stores have the supplies you need to get your renovation job done in a lead-safe way, such as lead-free paints, plastic sheeting, masks, cleaning supplies, HEPA filters and vacuums, and many more items.

In an effort to assist residents in learning more about lead poisoning, and avoid exposures, local businesses have partnered with Yates County Public Health to provide Lead Poisoning Prevention information right in their stores.

Remember:

**Any damage done by lead poisoning is irreversible.**

The good news is...

**Lead poisoning is preventable!**

Stop by any of these local businesses and ask where you can find information on lead safe renovation and the supplies to do the job safely...

- Branchport Hardware
- Carey's True Value / Rental Outlet
- Community Supplies
- HEP Sales
- Himrod Farm Supply
- Knapp and Schlappi Lumber Co.  
Penn Yan and Dundee
- Martin's Equipment
- Pinckney's Hardware
- Pinckney's Paint Store
- Rushco Lumber and Hardware

And be sure to pick up your free copy of the Renovate Right booklet.

"To bring about a healthier, safer, better informed community."

For More Information about lead poisoning, its effects, and how to prevent it, contact Yates County Public Health at **(315) 536- 5160.**
